Foreign Minister emphasized dangers of Cuba either as source direct attack or of subversion, also psychological effect of a Communist Government in hemisphere as encouragement to left-wing radicals. Further spoke with foreboding of Arevalo and danger he presented to back-door delivery of Guatemala to Communism. President supported this line by saying Guatemala being ground between the stones of Cuba and Arevalo.

I thanked President for meeting and promised inform my government of his offer. He repeated that primary desire was to make clear GOS and his eagerness make what contribution they could.
